

LEKIYA KASEPA

1 McMurry University, #1919 Abilene, TX | (325) 320-3765 | kasepa.lekiya@mcm.edu

PROFESSIONAL SUMMARY

Computer Science student at McMurry University with a Minor in Math, learning C and Python. Known for adaptability and problem-solving, with experience in team projects and a growing interest in software development, data analysis, and AI. Excited to apply my skills and learn in a collaborative tech environment.

EDUCATION

McMurry University
B.S. Computer Science
Honors Student
4.0 GPA

Abilene, TX
May 2027

SKILLS

Languages: Python | C

Relevant Coursework: Pre-calculus | Fundamentals of Programming

PROFESSIONAL EXPERIENCE

McMurry University
Student Ambassador

Abilene, TX
January 2023 – Present

- Conduct interviews with prospective student ambassadors, and engage with them and their families.
- Create personalized videos and email packages for admitted students.
- Organize and lead campus visits, including campus tours.

Better Together Alliance
Founder

Abilene, TX
October 2023 – Present

- Founded the Better Together Alliance (BTA) at McMurry University to promote inclusivity through community unity and interfaith collaboration.
- Represent McMurry University at Interfaith Council Meetings, contributing to regional interfaith discussions.
- Led the planning and organization of interfaith activities on campus to strengthen community connections.

PROJECTS

Hangman

- Developed a text-based Hangman game in Python, implementing core programming concepts such as loops, conditionals, and functions.
- Designed the game logic to handle word selection, input validation, and tracking user progress through attempts and guesses.
- Enhanced user experience by incorporating clear prompts, error handling, and a simple graphical display for incorrect guesses using ASCII art.

AWARDS

- 3 Times Dean's Lists Recipient
- Honors Student
